After being diverted into a serendipitous lecture on #Free Speech @Blackwellbooks, I am looking forward to @theRSA archive of #RSAdBotton

@DrEmmaLindley #RSAdBotton Atheism = ideological belief in *non-existence* of God, etymologically a 'religion' (bounded belief system).

26-Jan-12 16:26 | matthewcarlos

RT @jayarava: I already have a religion for atheists. Buddhism. << So does @alaindebotton - he's mentioned it several times #rsadebotton

26-Jan-12 13:55 | commutiny

I already have a religion for atheists. Buddhism. #rsadebotton

26-Jan-12 13:51 | jayarava

Who/what is best placed to create an alternate infrastructure for deeply established religions? @RSAmatthew offers the Society #rsadebotton

26-Jan-12 13:51 | commutiny

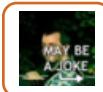

Christians "worship the death of God's son" - Alain de Botton....really?? That's the resurrection fucked then #RSAdBotton

26-Jan-12 13:50 | elliottmedia

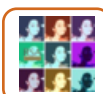

"The atheist is deeply committed - just not to religion" #RSAdebotton

26-Jan-12 13:41 | LucyInnovation

@LucyInnovation @commutiny Follow the Anchovy. The Holy Anchovy of Jerusalem! #RSAdebotton

26-Jan-12 13:41 | djryan

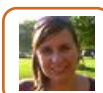

Not sure I like this new roving camera. I for one would not want to be broadcast. (I think Lucy has a stripey scarf) #rsadebotton

26-Jan-12 13:41 | commutiny

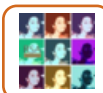

@commutiny @djryan I don't let the anchovies on the plate in the first place. I think I'd better read some (more) self help #RSAdebotton

26-Jan-12 13:38 | LucyInnovation

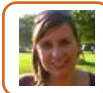

@djryan exactly - you could keep the olives and replace the tuna with feta a different religion entirely.... #RSAdebotton

26-Jan-12 13:35 | LucyInnovation

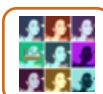

Social Entrepreneurs have potential to create a secular area of life that looks a bit like religion, is inspired by religion. #rsadebotton

26-Jan-12 13:34 | commutiny

@commutiny oh I sing them in the shower. And sometimes make up my own words. It's a category malfunction #RSAdebotton

26-Jan-12 13:33 | LucyInnovation

.@LucyInnovation Think you'll find that's a 'category error'. Bet you whistle Christmas carols just for fun too :(#rsadebotton

26-Jan-12 13:31 | commutiny

"Are you just here for Christmas Carols - or do you believe in this stuff?" #RSAdebotton #religionforatheists

26-Jan-12 13:31 | LucyInnovation

(nb i am well aware that continuing to work whilst half listening at my desk is very much away from the lesson on the #rsadebotton sermon)

@LucyInnovation Especially for those of us who can't stand tuna ;-) #RSAdebotton

26-Jan-12 13:29 | djryan

Loving the tuna sandwich salad religion analogy #RSAdebotton

26-Jan-12 13:29 | LucyInnovation

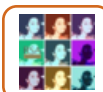

Soundbite ending > Religions are far too full of interest, creativity, wisdom to be abandoned to those who believe in them. #rsadebotton

26-Jan-12 13:28 | commutiny

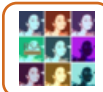

Painting of Christ on the sea of Galilee = propaganda poster about having courage #RSAdebotton

26-Jan-12 13:25 | LucyInnovation

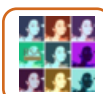

Because rational adults don't need guidance, do they? Self-help has become a dirty word. #rsadebotton

26-Jan-12 13:13 | commutiny

For some, culture can replace doctrine. But we've forgotten how to find guidance, morality and consolation in secular education #rsadebotton

26-Jan-12 13:11 | commutiny

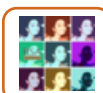

One of the most interesting and inspiring things about religion is education for guidance, morality, consolation purposes. #rsadebotton

26-Jan-12 13:10 | commutiny

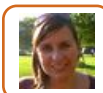

Suggestion of a pic n mix approach to religion - and what's wrong with that? #RSAdebotton #nothing

26-Jan-12 13:08 | LucyInnovation

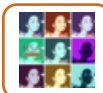

The best bit? Asking and exploring 'what next'? < easier as an unbeliever 'cos we get to pick-and-mix 'cultural products' #rsadebotton

26-Jan-12 13:07 | commutiny

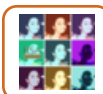

Boring bit 'of course God does not exist'#RSAdebotton interesting bit = what's next

26-Jan-12 13:06 | LucyInnovation

The boring bit > We live in a world which is not as polarised as "they" would have us believe: of course, God does not exist. #rsadebotton

26-Jan-12 13:06 | commutiny

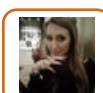

"It's time to move on from the stale fundamentalist debate btwn believers and unbelievers" < both will be furious with the book #rsadebotton

26-Jan-12 13:05 | commutiny

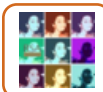

Can you? :) RT @commutiny: Screen's are up! Can we see the back of @LucyInnovation's head? #rsadebotton
